VISION

I always want to use my creativity to develop programs that people will use and improve their lifestyle.

SOFTSKILLS

- Creative
- Visionary
- Teamwork
- Patience
- Sales skills
- Joker
- Chilling all the time
- Passionate to learn all the time

EXPERIENCE

LANGUAGE INSTITUTE OF THE AMERICAS
September 28th, 2020 – July 1st, 2021
Web Developer

My activities in this company were creating solutions to new clients like responsive web designs with HTML, CSS, and JavaScript, and I had the chance of knowing more about CPanel, and the management of web hostings and CMS like Wordpress.

BOLDR IMPACT
July 4th, 2021 – Current
Sales Development Representative

My main labor is to connect potential customers to our Licensed Insurance Agents to close sales. Thanks to my SoftSkills my supervisor asked me to develop a Software to help new agents to speed up their training and to learn better.

ACADEMIC HISTORY

SOFTWARE ENGINEER (EXPECTED GRADUATION 2025)
Universidad Autónoma de Yucatán
I will learn the fundamental skills that a software engineer must have, like resolving software problems, develop software designs and structure that company's employees could understand. And of course, I will learn different programming languages.

MY FAVORITE TECHNOLOGIES

(JS, CSS, HTML), Bootstrap, JSX, React Hooks(ECS6), Webpack, Git/GitHub, Java J2EE, SQL, PHP Xampp & Cpanel

(Currently I'm improving my skills with Java Application Servers like JBoss and libraries like JQuery)
